Advance-Nilfisk Parts - Think about how tiresome it would be to tidy up your own home after having a large party, with out help from cleaning machines. In the past, when upholstery and carpets had the dust beat out of them manually; brooms, cleaning cloths and brushes were the leading cleaning supplies back then.

The man who founded Nilfisk-Advance, P.A. Fisker, started out as an electrical engineer who really liked to work on electrical motors. After starting his company in 1906, he began to make motors to drive drills, coffee grinders, fans and machine tools. Mr. Fisker's dream from the start was to have a global company advertising merchandise globally.

The Nilfisk C1 was a remarkable breakthrough for the cleaning business. This ground breaking vacuum cleaner, invented by Mr. Fisker, weighed just 17.5 kilos and can be operated by a single individual. This creation came in a time where many cleaning equipment were huge and required at least 4 operators, thus, the Nilfisk C1 changed everything and evolved the way we clean forever. The genius behind these first cleaning equipment remains unparalleled. Cleaning machines provide a brilliant solution to an ongoing dilemma; things get filthy and have to be cleaned frequently, without a lot of effort.

Slowly but progressively, Nilfisk-Advance grew throughout the years. During the nineteen eighties, this development really occurred the time the company became a part of the NKT Group. Their new owners' determination and focus made Nilfisk-Advance take a huge leap forward within the trade, aspiring to be amongst the leading universal players in the market of professional cleaning machines. Nilfisk-Advance is currently represented in all parts of the globe due to steadily acquiring many small companies so as to develop their product selection and presence in new markets. They are really proud to present a variety of cleaning solutions to suit every need.
