

TCM Forklift Part

TCM Forklift Parts - Forklift trucks are a major player in the material handling field of each and every international industry. Transporting industrial goods takes place every day on our busy planet. Primarily innovated as industrial vehicles during the 1930s in America, lift trucks gained popularity after World War II during the 1940s. Becoming an efficient and reliable means to material handling solutions, the practicality and need of these machinery spread internationally.

In 1949, founded by Mr. N. Niwa, the original Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was recognized. Currently the business is simply referred to as TCM Corporation. Through the years, TCM forklifts have become a worldwide leader in forklift manufacturing and have built a solid reputation in the trade. TCM began constructing lift truck manufacturing locations outside of Japan in the 1980s and is currently engaged in forklift manufacturer at three foreign factories in Europe, China and the United States.

TCM proudly manufactures various models of industrial lift trucks with more than 50 years of accumulated technology and expertise, making their products used and recognized all around the world. Characterized by energetic staff and strong initiatives, TCM continues to look toward the future and intends to become a world-class leading company.
